

Call for Poster and Visual Information Presentations

Alberta College of Social Workers Annual Conference
March 30 – April 1, 2017
Social Work Across the Lifespan: Opportunities and Directions

We are inviting posters and visual information presentations that highlight the importance of social work throughout our clients' and our own lifespans, including theory and practice of social work and the social worker as a person. What are some new and exciting practices you are a part of? How do you promote lifespan practice? How can we best work with clients at various stages of their life? How have you seen social work change over your career as a social worker? How do you see technology and social media impacting your practice and career?

ACSW can provide:

- A 6-foot table **or** easel located along the hallway of the workshop areas
- A volunteer assigned to the presentation area
- The opportunity for up to 6 category A credits

Please note the following:

- There is no access to electricity
- Please ensure your poster is self-standing and does not require pinning or taping to the easel or wall
- Lunch hour is always a busy time and it is recommended that you be available during this time to answer questions.
- Displays are to be set up by presenters on Friday, March 30th and taken down Saturday, April 1st, 2017

Submit the Poster and Visual Information Presentation Submission Form by email to Heather Johnson at heatherj@acsw.ab.ca.

SUBMISSION DEADLINE: February 21, 2017

Applicants will receive a response the week of March 6, 2017
